## Part 2

### Aims and objectives

- To provide high quality primary care treatment to our patient population to include consultations, examinations and treatment of medical conditions.
- To focus on prevention of disease by promoting healthy living.
- To understand and meet the needs of our patients, involve them in decision making about their treatments and encourage them to participate fully.
- To involve other professionals in the care of our patients where it is in the patients best interests; i.e. referring for specialist care and advice.
- To ensure that all members of the team have the right skills and training to carry out their duties competently.
- To create an educational environment, where staff promote and care learning amongst themselves, GP Registrars and Students
- To review annually patient satisfactions surveys of the people who use our service and use the results to change when required.
